

Energy Redress

Graham Ayling
Energy Saving Trust
26th March 2018

What is Energy Redress?

- Energy Industry Voluntary Redress Scheme
- Payments from energy companies to “redress” harm
- Result of Ofgem investigations
- Distributed by EST
- Funding and timing varies
- ...but it could be a lot

Energy Redress Priorities

- Vulnerable energy consumers
 - Note broad definition
- Innovation to benefit energy consumers
- Fund-specific priorities
- Could be SMEs as well as domestic
- Focus on measureable impact

Energy Redress Eligibility

- Only **charities** can apply
- Others can partner with charities
- Charity must lead and be accountable for funding and project
- Cannot be or have close links to a regulated energy company

What happens next?

- First fund is small - £300k
- Imminent launch
- Quarterly calls
- Charities should register
- Keep an eye on the website
- Help us do as much good as we can with the funding.

What can communities do together to make the best of Redress Funding?

- Partner with mainstream charities
- Partner with other community energy charities
- Set up your own
- Role for CEC and CEE?
