

## Community Energy Conference 2019 Sponsorship Packages

We have a variety of packages available for sponsoring the Community Energy Conference which this year is taking place at Sheffield Hallam University on 22 June. Our headline sponsors are Co-op Energy, Electricity North West, Northern Powergrid & Sheffield Hallam University.

### Why sponsor the Community Energy Conference?

- Direct access to the community energy sector including community groups, funders, local authorities, campaign groups and developers.
- On average 230 people attend the Community Energy Conference.
- High profile branding opportunities before, during and after the event which kick starts the seventh Community Energy Fortnight which this year's is People Powered Futures, celebrating how the Community Energy sector empowers young people to fight climate breakdown.
- Opportunity to deliver your sustainability message and demonstrate your support for the Community Energy sector.

### Sponsorship opportunities

#### The Great Energy Escape Room - £2,500+VAT

An immersive escape room game that sees all the electricity in our city go down. We're in grave danger and we need a team of skilled agents to break into the ancient 1970's control room, re-boot the system, and get our city's energy back online. We only have half an hour before the whole city shuts down for good. It's up to you!

There will be 8 attempts for up to 8 participants at a time throughout the day to reboot the power!

#### Breakout room / Workshop - £1,500+VAT

We have 8 breakout sessions throughout the day. We decide the theme based on what is needed by the sector. You can lead this session, but it needs to be of value to the sector and not a sales exercise please!

#### Lunch - £2,500+VAT

We will be serving a buffet of super-tasty locally-sourced, low carbon vegetarian and vegan food for lunch. We will let people know you have sponsored the lunch at every opportunity and ensure your logo and thanks is scattered around the food.

#### Refreshments - £800+VAT

We need to ensure our guests are watered and thoroughly caffeinated. Your logo and thanks will be scattered around the refreshments when people arrive and at two points throughout the day.

### You will also receive...

- 150-word profile with logo, links and contact details on a dedicated sponsor's webpage.
- Your organisation's logo in the event programme and on screens around the event
- Exhibition stand
- Editorial on the website.

Other opportunities and discounts may be available upon request.
