Community Energy

AWARDS 2022

CITY HALL, LONDON

20 JANUARY 2023

A WARM WELCOME

I'm delighted to welcome you all here tonight for the first Community Energy Awards since 2019. Community Energy, now more than ever, is an integral part of our net zero future and the aim of tonight is to shine a light on the most exceptional contributions to the community energy sector.

Community Energy England's purpose is to act as the voice of the sector and help put people at the heart of the energy system and we're here today to champion our sector. Working closely together, with your commitment, the sector will continue to adapt, innovate and thrive.

We'd like to thank all our supporters and the judges who have diligently selected the winners, and all of you for joining in the celebrations to recognise everyone's hard work and passion.

Congratulations to our finalists and winners who play a huge part in ensuring the sector's continued growth.

Enjoy the evening and the very best of luck tonight.

Helen Seagrave
Interim Chair, Community Energy England

Avi Aithal, Energy Networks Association

“

I thoroughly enjoyed being part of this year's judging panel and seeing the diverse mix of people shortlisted as finalists who are driving our movement forward. It's also my great pleasure to present the Youth Energy award to the individual or group who have made a positive impact on the engagement of younger people in community energy.

”

Michaela Cryar, Yunity
