13:05 Refreshments Break

13:15 Break out rooms: Connection and Collaboration

1. *Heat pumps and Retrofit (Household/single property/street scale) (led by Jonathan & Kayla)*
2. *Heat Networks (led by Kate and Martin)*

13:40: Group Feedback (5 mins each)

13:50 Summary of identified next steps

14:00 Event close

Question to think about in advance:

What do you think needs to happen, and what do we need in terms of actions/ resources, to enable local and community energy to deliver more heat projects and positive outcomes for their communities?
