## Exhibitors

Bristol Energy Cooperative

Bristol Energy Coop is an impactful community energy organisation working in the South West. Since 2011 they've raised over £14million, installed over 30,000 solar panels, and channelled over £300,000 into community benefit funds.

## Exhibitors

**Triodos**  **Bank**

Triodos is a leading sustainable bank and a pioneer in sustainable finance. With a mission to make money work for positive social, environmental, and cultural change, Triodos has been supporting and financing community-led renewable energy projects for over 40 years. Triodos believes in the power of community energy and actively contributes to the transition to a clean and decentralized energy system.

## Exhibitors

ENERGISE West stands for: Enabling Networks for Energy Research and Generation via Informal Social Exchange in the West of England. The project, a project from the University of West of England, aims to energise climate action groups in the West of England to enable citizen-led emissions reduction in communities.

## Exhibitors

Lendology CIC is a pioneering community interest company (CIC) specialising in providing accessible and flexible finance solutions for community energy projects. With a mission to empower communities and accelerate the transition to a clean energy future, Lendology CIC offers tailored loan products, financial advice, and ongoing support to help community groups realise their renewable energy aspirations. They are dedicated to fostering sustainable, inclusive, and locally-led energy initiatives.

## Sponsors

The Energy Transition Conference is made possible through the generous support of its Principal Event Sponsors:
