

### Community Energy Awards 2023 - Nomination Guidance

Thank you in advance for your nomination for the **Advancing Innovation** award.

To complete the nomination process, please review the following guidance and fill out the Google form [here](#). We recommend drafting your nomination in a word document and then copying it into the Google form when ready to submit.

Please ensure that your nomination form is completed by **Friday 1 September 2023**.

The judges will review the submitted information to determine the award winner. The winners will be announced during the ceremony in Manchester on Friday 17 November. We encourage you to attend the ceremony and reserve your free place [here](#).

***This award recognises an innovative project, service or business model through which you are adapting rapidly and successfully to doing things differently in the community energy space.***

Nominations must clearly demonstrate at least one of the following:

1. Forward-thinking approach(es) in your project, service, business model or funding
2. Working with multiple stakeholders and partners
3. New technology/ integration with other technologies
4. Sharing learning and expertise
5. Creative approach to problem solving

### **Additional Information**

Please note that while additional information is optional, we strongly encourage you to provide up to three quotes from beneficiaries or stakeholders that could be used in a case study to support your nomination. Additionally, you are welcome to submit up to three pictures that further support this nomination.
